

MOUNTED TYPE TURBO SPRAYER

Mounted type 200, 300, 400, 500, 600 and 800 ltr mistblower attached to the three point of linkage of tractor and getting drive from P.T.O. spraying pump is getting the power from P.T.O. and deliver the liquid under the pressure to nozzles on the spray fan. Release of the pressured air direction can be adjusted by guide wings. By means of this facility, pressured air can spray effectively each type trees 2 rowed 8-12 meters height as fruit gardens, vineyards and cultivated areas

MOUNTED TYPE TURBO SPRAYER

Tank Capacity (lt)	Pump			Dimensions			
	Flow (lt / min)	Pressure (bar)	Power (hp / kw)	Weight (kg)	Lenght (mm)	Weidht (mm)	Height (mm)
200	80 (Membrane Pump)	50	8,6	155	115	90	120
300	80 (Membrane Pump)	50	8,6	165	115	90	120
400	80 (Membrane Pump)	50	8,6	195	115	125	130
500	80 (Membrane Pump)	50	8,6	210	140	105	142
600 Robot Head	80 (Membrane Pump)	50	8,6	285	140	110	187
600 Canon Type	80 (Membrane Pump)	50	8,6	265	140	140	185
